Informational Workshop on Permanent Closure of Single-Walled Underground Storage Tanks and State Water Resources Control Board Funding Opportunities for Closure and Cleanup

Friday, April 20, 2018, 9:00 a.m. – 1:00 p.m.
County of Los Angeles Department of Public Works
900 South Fremont Avenue
Alhambra, California 91803

BACKGROUND

Single-walled underground storage tanks (USTs), including single-walled piping, must be permanently closed in accordance with Health and Safety Code, chapter 6.7, section 25292.05 by December 31, 2025. This workshop is to provide information regarding the single-walled UST requirements created with the passage of Senate Bill No. 445 (Stats. 2014, Ch. 547), as well as State Water Resource Control Board funding opportunities to meet those requirements.

UST Leak Prevention Program staff will discuss in detail the design and construction requirements, as well as the closure requirements, imposed by Senate Bill 445. Replacing, Removing, or Upgrading Underground Storage Tanks (RUST) Program staff will discuss loan and grant funding opportunities available to assist eligible small business owners/operators to meet the single-walled UST removal requirement. Lastly, UST Cleanup Fund staff will present information regarding cleanup funds available to assist eligible owners/operators with cleaning up petroleum-related contamination from the UST.
